FLOORING[®]

THAT AIN'T BORING

the

NOUVEAU

collection

about us

The complete supply & fit flooring supplier for your business.

Still a family-run business today, the company is proud to be head-quartered in Liverpool and supplies an extensive portfolio of commercial customers across the UK and Europe. From small end users, to large international companies such as McDonalds or Marriott Hotels - we are involved in providing flooring solutions to many different industries and sectors.

Once the busiest port in the world, Liverpool has a heritage of being at the centre in the world's trade in yarn. Traders would meet at the Cotton Exchange building in the city centre (still standing today) and make telephone calls to New York, Bremen and Bombay.

Technology has improved a lot since then and most of our yarns are manufactured using synthetic material to ensure longevity in the product lifespan. However there are still a good number of cotton and wool based carpet tiles on the market and available to buy here at DCTUK.

Moving from the past into the future, it was in 2015 that we expanded our range of services from supply only to also offering a complete fitting service across the UK. Since then we have fitted for Manchester Airport, Eddie Stobart, House of Fraser and many other well known brands. We have also opened our first showroom in the Clerkenwell district of London where clients can go along and receive free samples and a design consultation.

We supply over 10,000 different flooring products from a myriad of UK and European manufacturers and stock carpet tiles, carpet planks, vinyl, laminate and hundreds of flooring accessories.

Carpet tiles and carpet planks from:

Nouveau (exclusive to DCTUK), Interface, Heuga, Burmatex, Desso, Forbo Tessera, Paragon, Milliken, Heckmondwike, Modulys, EGE, IVC, Balsan and Gradus.

Vinyl flooring from:

Polyflor, Altro, Tarkett, Forbo, QA, Interface, Milliken, HFlor, Gerflor and BerryAlloc.

Plus we stock and supply various brands of:

Laminate, LVT, engineered and solid wood flooring.

We strive to be the best at what we do and offer:

- Supply throughout UK and Europe
- Nationwide fitting service
- Site surveys & drawings
- Design consultation & visuals
- Free sample service
- Next day delivery on many products
- Stress-free service
- Out of hours fitting options

OUR FITTING SERVICE

Here at **DCTUK**, we want to making finding the perfect floor design a real breeze, so we always go that extra mile. As a professional floor plan designer, we not only find the carpet tiles or vinyl to suit your project requirements, we roll up our sleeves and lay them for you too.

For an idea of the cost to fit vinyl flooring as well as the additional services our team of pro flooring fitters offer, please contact our sales team today. Of course, if you have any further questions about getting your very own design flooring installed, do not hesitate to give us a buzz or send us a super high-tech electronic mail message.

When it comes to carpet tiles, we've got the best of the best of both style, design and quality. Whether you fancy yourself as a bit of a floor plan designer and are hunting out patterned carpet tiles for a bit of contemporary, experimental design or are simply seeking durable carpet tiles in a block colour for a floor design that's ideal for large commercial spaces. From bathrooms and hallways to libraries and hospitals, there really is no job too big for the superheroes at **DCTUK**. Investing in a new floor tiles design is a fantastic way to totally transform a space, with everything from big meeting boardrooms to your little old bedroom. As well as offering a professional fitting service, we have oodles of options when it comes to pattern and colour shade, meaning you'll find design flooring that fits in perfectly with the vision you have for your interior.

At **DCTUK**, all of our vinyl flooring designs are the bee's knees (if we do say so ourselves). Durable, easy to style and always looking ab fab in the home, it's easy to see why these are a popular choice. Speaking of choice, we have a whole host of different patterns and colours from sleek white design flooring to glamorous sparkly black. So, you've decided on your final vinyl floor designs but...who ya gonna call? Our team of expert vinyl fitters of course! With an eye for design and skills to pay the bills these guys will transform your space with beautiful flooring in no time at all .

Contact us on **0345 222 1543** or email us at sales@dctuk.com. If you're in London, drop by at **151 Goswell Road, Clerkenwell, London, EC1V 7ET**. You'll be very welcome.

- For projects over 100 m²
- Nationwide fitting service
- Free site survey
- Stress-free project management

about

OUR DESIGN SERVICE

If you're looking to turn your drab workplace into a sexy stunner then we're here to help. Sit back chill and relax - if you've chosen DCTUK as your fitting partner and you have a floor plan in PDF format then we'll take care of the rest. Our mission is to kick boring grey floors into touch and beautify workplaces across the UK.

Get started

1. Our free design service is available to commercial customers using our nationwide fitting service. The starting point is to fill in our commercial fitting enquiry form.

2. When we receive your enquiry we will call you and help you select products that match your budget. We'll throw a few samples your way to check you're super happy with our recommendations. If you already know what you want we'll ensure you get the lowest prices in the marketplace through our strong trading connections with the market leading brands.

3. Our design team guided by your own input will create a bespoke design based on your budget and the products you prefer. Tweaks and changes are part of the course there's no charge - when you're happy we're happy. Our team will take a design fee deposit but this will be refunded back to you when the order goes ahead.

4. Once the design has been agreed we'll book your fitting date at a time that is convenient to you. Don't forget we can work around the clock - so if you need us only turning up in evenings or weekends or even through the night - we've got it covered.

When the installation has been completed our fitters will ask you to sign off the installation and provide feedback on how we did. Our business is driven from customer feedback and we value your comments criticisms encouragements and suggestions on how we can improve. We believe this is why customers keep coming back to us - they know we strive for 100% excellence in our customer care and our operations. Currently we have 97% satisfaction rate with our fitting teams a 5 star rating on Reviews.co.uk and an Excellent rating on Trustpilot.

What's your look?

The interior to your business should reflect your culture. Your staff. Your mission. Your personality. Your look.

Working alongside our friendly designers we'll ensure you end up with an interior that reflects who you are and not a generic stock design plucked from the air. You can use our own exclusive Nouveau products or we can incorporate products from the brand leaders such as Desso, Interface and Milliken. We're an independent retailer so we won't nudge you towards certain brands. We'll pick the ones that are right for you both in terms of branding and in terms of budget.

Nouveau Basics is our new collection that offers a superb fleck design in a carpet tile, at a seriously low price point. It's so low, we've had the finance guy do a medical to check he's feeling ok.

These fab carpet tiles currently are available in 3 monochrome colours; you can choose Black Fleck, Graphite Fleck, or Grey Fleck - in order of dark to light.

Basic carpet tiles by our own exclusive Nouveau brand were specifically designed for commercial environments such as small office areas, commercial premises of relatively low traffic or much larger areas that need to be carpeted on a tight budget such as a church hall or community centre. You're not going to find a quality carpet like this for a price like ours anywhere on the market!

Whether you are placing a small or large order we have the stock at our Liverpool distribution centre to ensure next working day delivery is achieved with every order. Don't forget if your project is over 100m² we can install your carpet tiles for you with our expert fitters.

The Nouveau Connections range is the perfect way to transform your workplace without breaking the bank.

Installed in thousands of different workspaces, and over 1 million tiles sold to date, this popular collection has the perfect balance between commercial durability and affordability.

Simple to install, with the help of our fantastic fitting team, easy to maintain (thanks to Stainsafe® technology) and relentlessly durable, this 100% polypropylene design is covered by our own 365 day returns policy and a 5 year manufacturer's guarantee.

These ethically sourced and 100% recyclable carpet tiles are available in many different colourways and can be ordered in any quantity!

So just pop in the amount of tiles you need, and you are good to go! Not sure how many tiles you require? Just give our friendly sales team a call on 0345 222 1543.

Looking to kit out an office, public area or commercial space with the essentials? You've come to the right place with these Nouveau Essentials carpet tiles.

There are some things in life you simply can't live without like strong coffee on a Monday morning, Reese's Peanut Butter Cups, oh and other important things like water and oxygen.

Another of life's vital essentials is good quality carpet tiles that are both comfortable and stylish and we've got both in the bag.

Here at DCTUK we love a little luxury but we also understand the importance of the bare necessities, those simple bare necessities, which is why we created this holy grail range. With a 390g/m² pile weight, we are ensuring durability and a luxurious feel. What else could you want?

Resistant against high traffic and available in 11 versatile colourways, making our Nouveau Essentials range our top-rated carpet tile for office spaces and commercial areas.

Order a carpet tile sample today or get in contact with our sales team for more information!

We want reliable, we want easy, we want a carpet tile that perfect for our workspace! That's what you're thinking right? Well say no more, Nouveau Workspace is the perfect tile for your workspace!

The Nouveau Workspace carpet tile collection has 16 different vibrant and rich colours to choose from, such as Scarlet, Midnight, Cornflour and more.

Nouveau Workspace tiles are made from solution dyed nylon, doesn't that just roll off the tongue. Well don't put it on your tongue because its chemicals. But yeah, these tiles are made using this technique which ensures the colour dye runs all the way through the yarn, not just the tips. That means the colour will last longer. And let's not forget the word 'nylon'. Usually, nylon products are significantly more expensive than the cheaper polypropylene counterparts. But this nylon product packs a budget price in its armoury.

Every floor type is rated for its durability. Class 33 means it's suitable for commercial use, so you can be sure it will withstand many people and many castor chairs rolling around. In fact, it has a 15-year warranty to prove that point.

If you're the Michael Flatley of your office, you can continue to dance away. These carpet tiles have anti-static properties built in, so you shouldn't pick up any shocks during your river dancing.

If you need fitting, just ask us. We fit nationwide (and even abroad if you pay us the dollar), just give our friendly sales team a call on 0345 222 1543.

We got chills, they're electrifying and it's all because of these stylish, high performance, low cost nylon carpet tiles.

Built to withstand a never-ending stream of traffic, this range of durable carpet tiles is the ideal solution for busy offices, intense industrial use and high-traffic public spaces.

Similar to Nouveau Connections in style and aesthetic but with the added performance benefits of a solution-dyed nylon construction, Nouveau Elements II is the perfect choice for areas such as hospitals and office environments.

A tufted loop pile teams up with a tough bitumen backing to provide a flooring solution that is fully prepared to take on even the harshest heavy contract environments.

Flame resistant properties and suitability for use with castor chairs make them the ideal commercial contender, while a choice of 8 subtle-yet-stylish shades mean you can put your stamp on any interior project.

HEAVY LEAD

ROCK STEADY

ROCK STEADY & HEAVY LEAD

ROCK STEADY & HEAVY LEAD

There ain't no point in style without substance when it comes to flooring, which is why we bring you the marvellous, the fantastic, Nouveau Endurance.

The dictionary definition of the word 'endurance' is "the capacity of something to last or to withstand wear and tear" and well, we certainly couldn't think of a better name for this sturdy range. Let's talk technical - this carpet tile offers an excellent acoustic solution for busy spaces with a 22dB sound rating. This is great for places with high traffic if you want to reduce the noise! It also offers a 550g/m² pile weight, which makes it durable and gives a luxurious feel - which is just unreal for an entry-level carpet!

Not only will these tiles stand strong against the high footfall and heavy furniture which are commonplace in commercial spaces, they are also constructed using 100% StainSafe yarns so won't be easily marked or damaged. This carpet tile was built so that it doesn't absorb moisture at all, say goodbye to dirt and or accidental spills - we've got you covered!

Feeling tempted now? Why not order yourself some free samples on our website so you can admire these beauties at closer quarters.

Colours and textures are often even better in person and getting hands on with some samples will give you the interior inspiration you're looking for - and anyway, even if you change your mind, you'll be covered by our handy 365 Returns policy. What's not to love?!

BLUE SAPPHIRE

SANDSTONE

SANDSTONE

This collection of stylish low-level loop pile tiles are the perfect way to breathe life back into a worn out interior - no matter whether its the home or the workplace.

Not all revivals are recommended. Take S Club 7 for example. However there are some things that always benefit from a regular revamp and interior design is one of them, Nouveau Revive is sure to take your breath away.

A trend-savvy flecked pattern looks great as part of a whole plethora of designs but also cleverly conceals a multitude of stain-based sins, while a plusher-than-average pile makes for an inviting ambience.

Polypropylene fibres and a tough bitumen backing join forces against heavy traffic as well as general wear and tear.

Enjoy a ten year guarantee with this collection.

nouveau **MOMENTUM**

All the best things come in threes. Tea, milk, and biscuits are just three that come to mind. But here in the exciting world of carpet tiles we have something even better - introducing the Infinity collection.

Nouveau Infinity is the core of this collection. This carpet tile comes with 8 different colour ways, such as Red, Navy, Beige, Grey, Steel, Black, Charcoal, and Brown.

Nouveau Infinity is a great carpet base, that works well with our other ranges: Nouveau Infinity Accent and Nouveau Infinity Flow. Perfect for creating pathways, focussed or zoned areas, topped with unique and interesting designs! The possibilities are endless, giving you infinite designs with just these three collections! Want to find out how you can change your space? Get in touch with our design team to find out more.

Created in a 100% green electricity made factory in the forests of France, this carpet tile has a BREAA & M1 Emissions rating. We love an ethical and environmentally friendly option! This product can help you earn points within the framework of Leed version 4 and meet requirements regarding indoor environmental quality with low-emitting materials.

Nouveau Infinity are 50cm x 50cm, loop pile linear designed carpet tiles, that are solution dyed nylon. With a super unique dying process, ensuring that this carpet tile is resistant to stains and keeps its colour! Bye bye dirt and accidental coffee spills that stain! These carpet tiles also have a 21dB rating, offering a great acoustic and noise solution for heavy traffic areas.

We love this collection, and think you'll love it too! With so many options, the possibilities are endless. This affordable carpet tile will give your space a whole new look! Want a closer look? Order a sample carpet tile today! Get in touch with our sales team to find out more.

Infinity complements Infinity Accent and Infinity Flow perfectly.

What is a carpet tile? This deep, philosophical question has been asked by the greatest minds of our time. Luckily the answer is very simple. It's a 50cm x 50cm piece of carpet that is super easy to install in offices and workplaces. But here at DCTUK, carpet tiles are so much more...

Nouveau Infinity Accent carpet tiles come in 4 different colourways, such as Black Grey, Black Red, Grey Black, and Steel Cyan. The linear pattern and stylistic design really make that pop of colour stand out - making it perfect when using the other infinity ranges.

Nouveau Infinity Accent is part of the Infinity Collection, consisting of: Nouveau Infinity and Nouveau Infinity Flow. These fab designs work super well together to create an infinite number of designs, giving you full creative freedom to really vamp up your space! Wondering how? Why not talk to our design service!

These 50cm x 50cm carpet tiles are 100% solution dyed nylon, meaning that they're stainproof, resistant and durable. They're perfect for office or commercial spaces if you're looking to bring colour and style - and are castor chair approved!

Nouveau Infinity tiles can be installed nationwide by our amazing fitting teams. Want to see for yourself? Order a carpet tile sample now! Talk to our team for more information.

nouveau **INFINITY FLOW**

RED BLACK

Nouveau Infinity Flow is a supplemental range to go alongside sister carpet tile ranges Infinity and Infinity Accent. This is a transition tile that effortlessly transforms the core Nouveau Infinity colours into each other to make pathways, zoned areas and unique designs. Imagine smudging your finger between two colours and how the colours would fade into each other. That's exactly what this range does.

The whole Nouveau Infinity family are made in France using solution dyed nylon. Quickly skipping over the whole French thing, you might be thinking - what is solution dyed nylon? Well this describes the manufacturing process. The yarn is solution dyed from top to bottom to ensure the colour runs all the way through. This ensures a more durable and longer-lasting carpet tile.

Nouveau Infinity Flow carpet tiles are delivered in 10-12 working days from the state of the art factory which is in a forest in the middle of the French countryside. So if find the odd onion or garlic clove in the box don't blame us.

You can choose from three transition tiles and don't forget to request a free sample if you want to touch, feel or sniff the product before opening your wallet. On a serious point, these carpet tiles supplied here at an incredible price point considering they are nylon, anti-static carpet tiles. The quality is unreal and your workspace will really transform (in a good way!) with this collection.

Infinity Flow complements Infinity Accent and Infinity perfectly.

Fancy pants designs for your office.

A close-up, profile view of a horse's head, showing its eye, ear, and mane. The image is heavily overlaid with a semi-transparent pink color, which fades out towards the right. The right side of the image is a solid blue background.

Colourful, cloudy, carpet tiles are all the rage right now. And we get it, they look fab! There's plenty of choice such as Interface Composure, Desso Grezzo and Forbo Cloudscape. And now... there's Nouveau Composition carpet tiles.

For a much more affordable price than some of the big boy brands, our little Nouveau Composition packs a punch bigger than the price would have you believe.

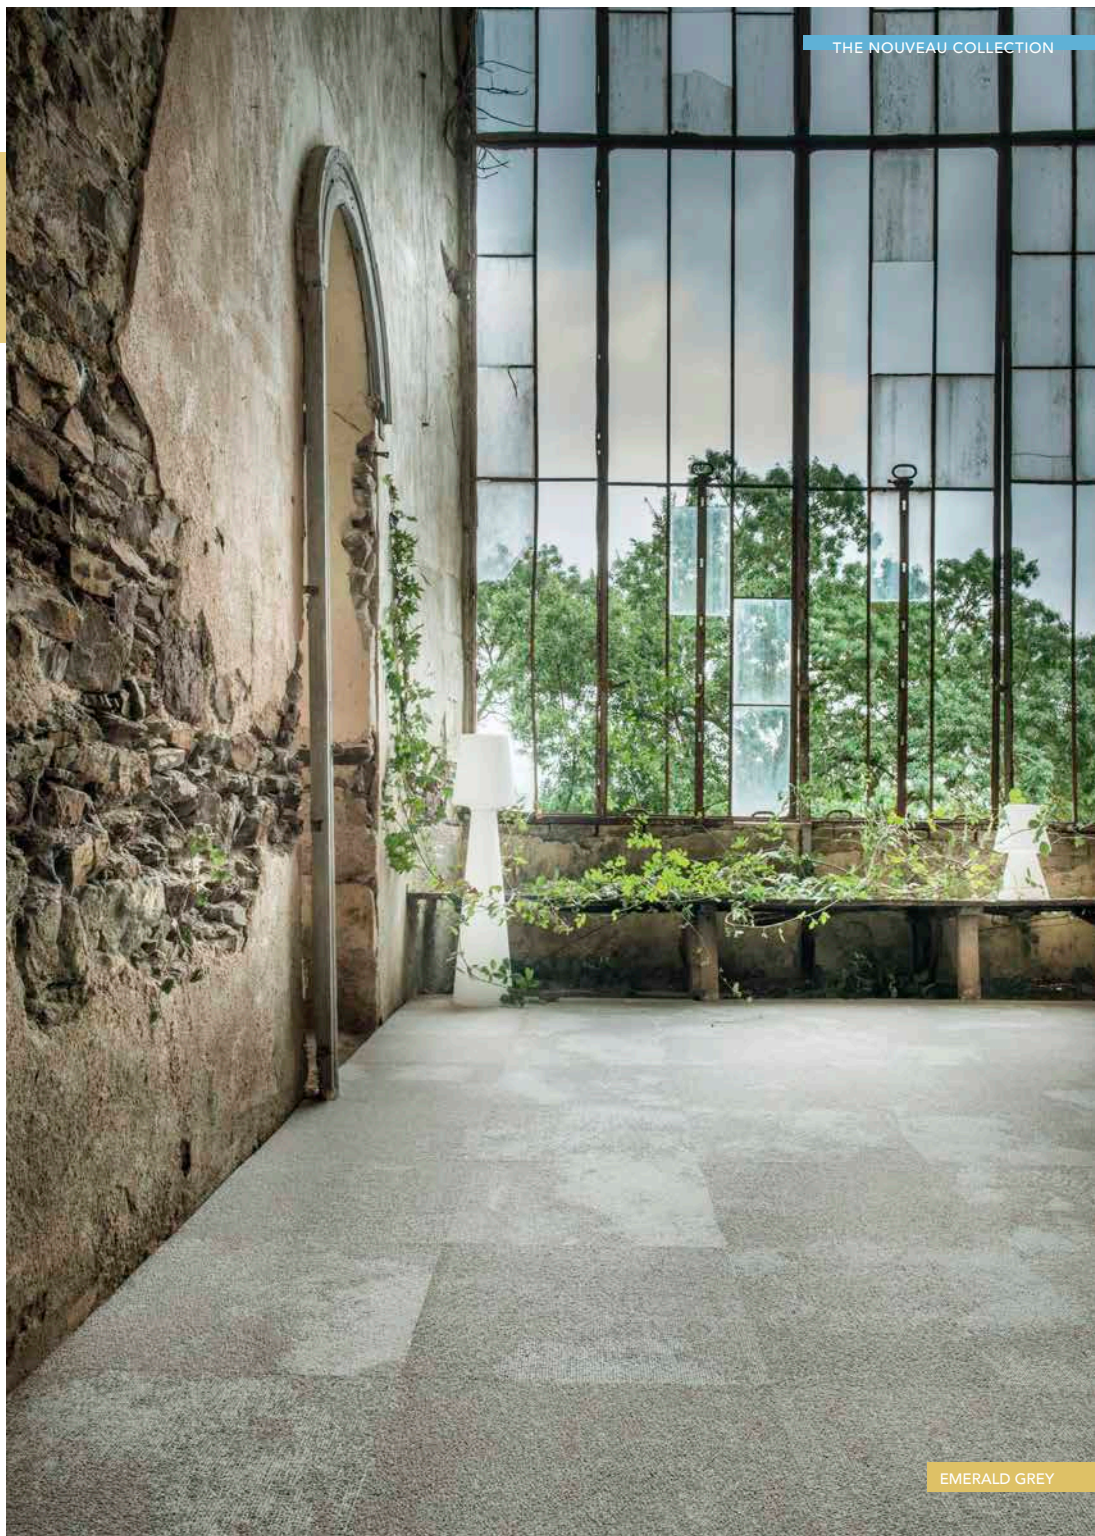

Colour selection - offering a colour choice that is just as good as the market leaders, you can choose between beautiful blues, gorgeous greens and perky pinks.

Eco credentials - these Composition carpet tiles are made from Econyl yarn, a product made from recycled plastic, how cool is that? Econyl is also performs just as well as virgin yarn or 100% solution dyed nylon, with the added benefits that it is better for the environment and produces brighter, more resilient coloured carpet tiles - so it won't fade. Plus, it's BREEAM rated and is made in a 100% green electricity factory in the heart of France.

Price point - In incredible price point for such a colourful and design-led product, if you compare this against the marketplace leaders, we score the same or higher on the specs. Nouveau composition carpet tiles are 30% cheaper than Interface Composure - and you also get more. The gram per m² of our carpet tile is much higher at a 770g/m² vs a 570g/m² - which is 30% better! Ours also has a 6.8mm as opposed to a 6.2mm that other competitors have. We got you; you get more with us.

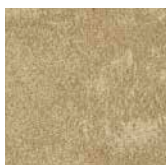

Durability - With anti-static properties for you people who shuffle around in trainers, sound insulation of 25dB for you mosh pit rockers, and class 33 commercial rating for those of you who have herds of people to look after.

!ALSO AVAILABLE IN COMFYBACK OPTION!

Nouveau Seasons carpet tiles come in a range of colours and textures straight from our natural surroundings, these carpet tiles bring the great outdoors into your office or workspace. Think earthy browns, autumnal greens and yellows, and subtle greys that'll make you feel like you're strolling along a woodland trail. Mix and match these carpet tiles to create stunning breakout areas and beautiful designs that'll add a pop of colour to your office!

Nouveau Seasons carpet tiles are not only gorgeous, but they're also eco-friendly! They're made from 100% Econyl recycled yarn, which means they're made from old fishing nets and other recycled materials (cool, right?). Plus, they're durable and super easy maintain - no more coffee spill freak-outs! But wait, there's more! Nouveau Seasons carpet tiles have permanent antistatic treatment and can silence any unwanted sounds like screeching chairs or clumsy footsteps too!

With a 5 year guarantee, you just can't go wrong! (Like it is literally 20 seasons worth of carpet wow). Order a sample today, or talk to our sales team for more information via LiveChat or give us a ring!

Nouveau Seasons Bloom is a stylish alternative to the popular Nouveau Composition Bloom, with a new twist - black yarn flecks woven throughout the tile. This gives it a more refined and corporate feel, perfect for creating a sophisticated atmosphere in your space.

As the sister range to Nouveau Seasons, these two collections complement each other while offering distinct styles. Imagine the dynamic between siblings—the younger, edgier Nouveau Seasons Bloom, and the calm, reserved Nouveau Seasons. Together, they bring that unique balance of personality to your design.

Get creative by mixing and matching the designs! If you need a little help, our design team is ready to brainstorm ideas tailored to your space.

Not only are these tiles beautiful, but they're also eco-friendly. Made from 100% Econyl recycled yarn, sourced from discarded fishing nets and other materials, they combine style with sustainability. Plus, they're durable and easy to maintain, so spills are no big deal!

AMAZON LAUREL

AMAZON SPRUCE

BARK BIRCH

BARK PINE

WOODLAND BEECH

WOODLAND OAK

Introducing our Nouveau Embroidered Nature Carpet Tiles/ Planks - a sustainable and stylish choice for your space. Part of our exclusive Nouveau collection - affordable carpet tiles with the same style, characteristics and specifications as the big brands.

Featuring six unique options split into three nature-inspired themes - Amazon, Woodland, and Bark - each tile/ plank is a mini adventure for your feet!

Our Amazon tiles are like having a bird's-eye view of the forest canopy right under your toes. It's a step away from the close-up patterns of Bark and Woodland, offering a broader perspective of nature's beauty.

Crafted from 100% recycled econyl yarn, these tiles aren't just gorgeous; they're eco-friendly too! Plus, they're dyed in a way that resists discoloration, keeping them vibrant for years.

With 27dB acoustic sound insulation, they're not just a treat for the eyes but a boon for the ears, ensuring your space stays as peaceful as a secluded forest.

Proudly manufactured in France, they're a cost-effective alternative to the popular Interface Human Nature collection. Also available in plank format. Go ahead, give your floor a touch of embroidered nature!

EMBROIDERED NATURE

Size: 25cm x 100cm plank

Construction: Structured loop pile

Composition: 100% regenerated nylon ECONYL®

BARK BIRCH

BARK PINE

WOODLAND BEECH

WOODLAND OAK

Perfect for those who love the essence of nature with a modern twist. Featuring four options in Bark and Woodland designs, these planks are a corridor to nature's beauty.

Bark planks bring the rugged, unrefined charm of tree bark right to your feet. It's like walking on a forest trail, but with the comfort of being indoors.

Woodland planks capture the essence of intertwined branches, offering a slightly broader perspective than the Bark design. It's like having a piece of the forest floor beneath you.

Made from 100% recycled econyl yarn, these planks are not just about aesthetics; they're an eco-friendly statement. They're dyed to stay true to their colour, resisting the trials of time and traffic.

Boasting 27dB acoustic sound insulation, they promise a quieter, more serene environment, akin to a gentle walk in the woods.

Manufactured in France with pride, they offer a budget-friendly alternative to the beloved Interface Human Nature collection. Elevate your space with a plank that whispers the tales of nature!. Also available in square tile format. Go ahead, give your floor a touch of embroidered nature!

The Nouveau Cascade carpet planks collection are a great example of what our ever-changing environment looks like, with colours from every season, this floor is perfect for all year around.

The versatility of the collection is highlighted by the option to combine the beautiful colours as desired, signalling a departure from the era of large, uniform carpets. The structured loop pile not only adds to the visual appeal but also makes it suitable for high-traffic areas by hiding footprints.

But it's not just about the colours; it's about the energy they bring to your space. These 25cm x 100cm carpet planks are not just a pretty face; they're made from 100% regenerated nylon ECONYL® – recycled nylon that's as eco-friendly as it gets. So, while you're decking out your office, you're also giving Mother Earth a high-five!

Oh, did we mention you can order samples and have them delivered to your doorstep for a little test run? It's like a carpet plank party in a box, coming to you in just one working day. So, what else are you planning to do tomorrow? Spoiler alert: Nothing as exciting as jazzing up your space with Nouveau Cascade!

Linen or Linon? However you want to spell it, the look is the same - a unique, textile, woven design that makes us think of wicker baskets and old ladies knitting. It's cosy, it's sound absorbent, and it looks great in any office. Introducing Nouveau Linen carpet tiles.

Our Nouveau collection (exclusive to us, oh yeah) was invented to create ranges that are similar to the leading brands but at a much more affordable price point. This range is no different, as it mirrors a similar look to ranges such as Desso Linon but for a few quid cheaper per tile. However... none of our carpet tiles are cheap. We call it affordable design. Quality carpet tiles, made in Europe, in state-of-the-art factories, with extensive guarantees (10 years!) but at a better price point. Yep, we nailed it.

Nouveau Linen is available in some super bold colours - from Orange to Lilac to Turquoise - it's refreshing to see such bright colourways at an entry level price point.

CLOUD

From ice, to coal, to sand to rock, each of our colours have been named after formations we learnt about at a young age.

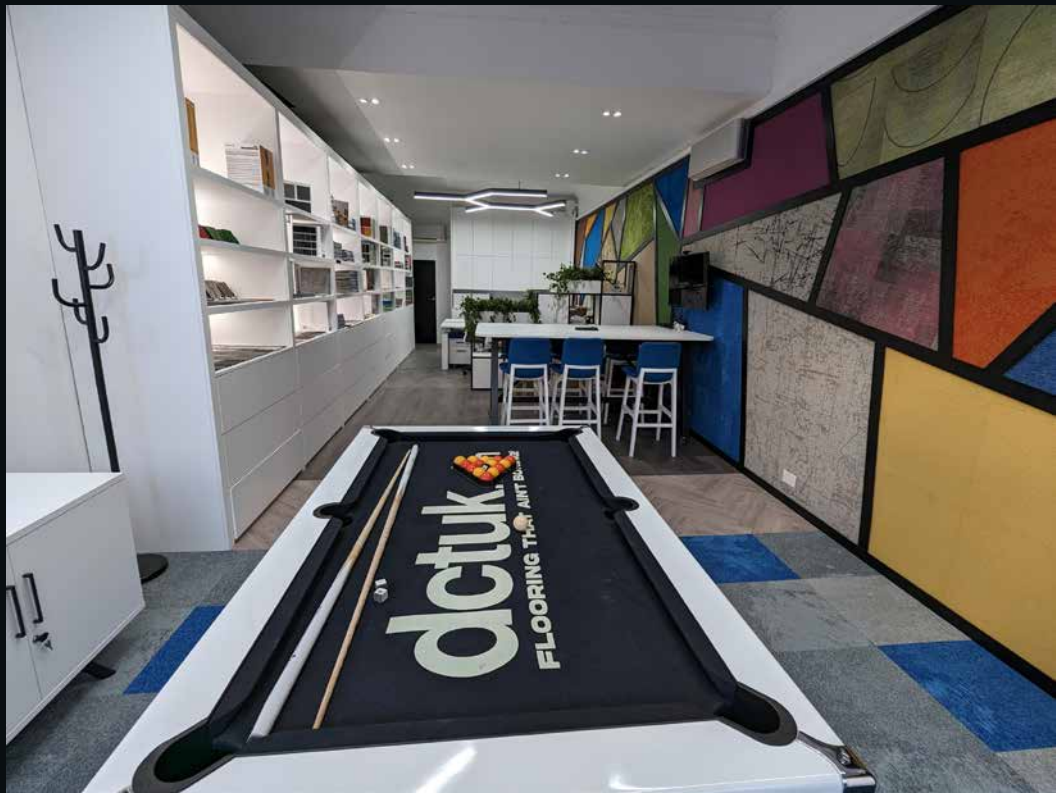

Even formations run throughout the tile with its twisted pile construction. These 50cm x 50cm carpet tiles are perfect for both home or workplace by creating a space that is interesting, vibrant, modern and altruistic.

Made using a unique twistpile printed design and 100% PA Imprel®, Nouveau Concrete is a great choice for your next project.

Available in five striking colours, this adventurous palette is brave, daring and forward-thinking. Easy to install, our simple DIY fitting guide will take you through step by step on how to lay your new tiles.

We would recommend using Sticky Stuff Spray Adhesive or alternatively Interface TacTiles to secure your new carpet tiles in place and to stop them from shifting.

All colours are delivered in 5-7 working days except the colour Cloud which is delivered super fast with next working day delivery.

about

OUR SHOWROOM

In 2023 we opened our first showroom city location, in the heart of the design district in **Clerkenwell, London**. Our team are so fired up and excited to finally put a face to our customers as well as meet new customers in person after being largely an internet and ecommerce business for the past decade.

Our London showroom features 4k projections of our products and case studies, as well as Europe's largest sample centre for carpet tiles and LVT from different commercial flooring manufacturers. You really will be spoilt for choice and walk away with so many options for your next project.

Sitting alongside our extensive sample centre are our design team who can meet you and discuss with you various options for your flooring installation. Receive a 3D view of the project as well samples, printouts and a visual representation of how the finished project will look.

Get excited London, we're here and ready to transform London workplaces from OK to OMG!

Opening hours **9am to 5.30pm Monday to Friday**. Located on Goswell Road, next to the Russian visa centre, between Angel tube station at one end, and Barbican tube station at the other.
